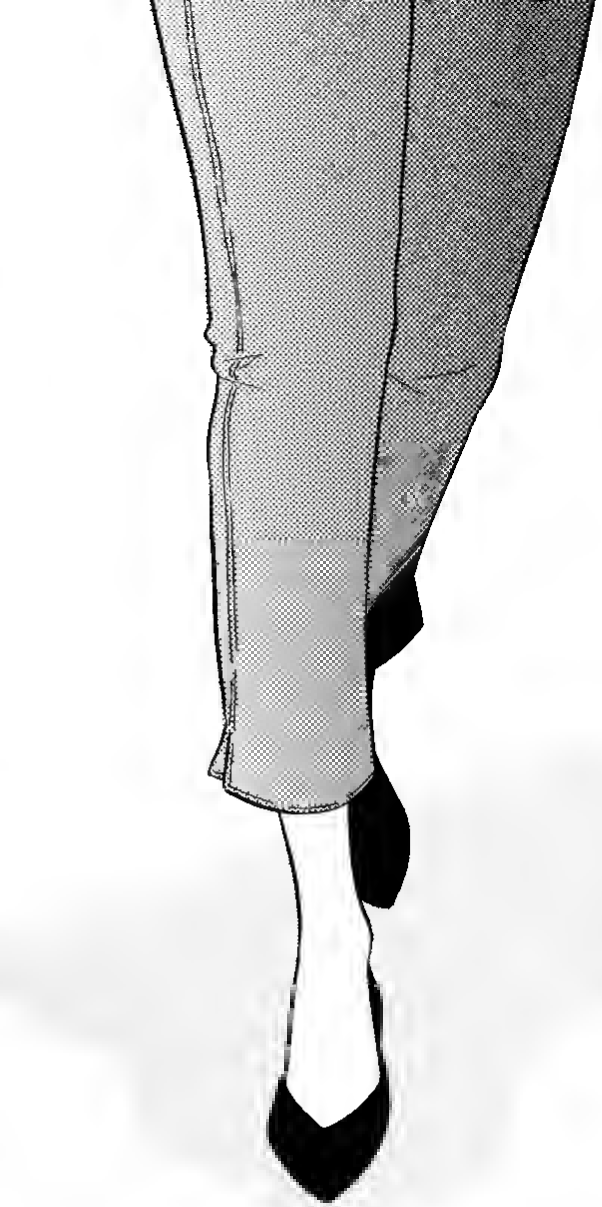
喋喋喃喃 2nd-2



Back then, I had experienced sex but had yet to experience love...

Call and Reply: 2nd-2

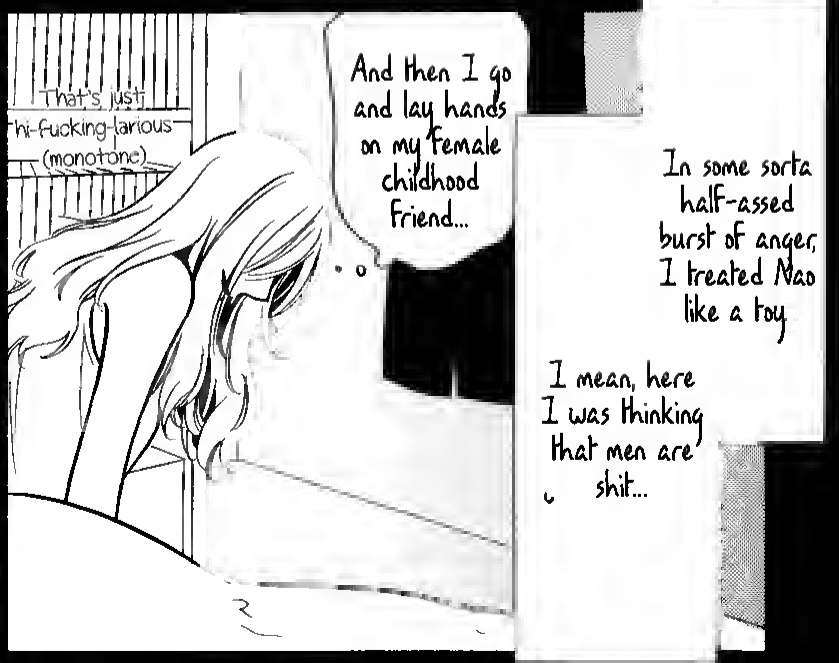
Sis...?
HISS...!!
?
I guess middle schoolers are a bit young for this?
Inked
4...?

Don't treat me like a kid!!
zzz
The hell am I doin'...?

I broke up with my boyfriend today.
It was because he had another woman on the side.
What really pissed me off was that he went with some stupid looking woman who had nothin' going for her but her massive tits.

Mm...
びくっ JOLT
...No, maybe I'm the idiot here...?

Zzz
Zzz

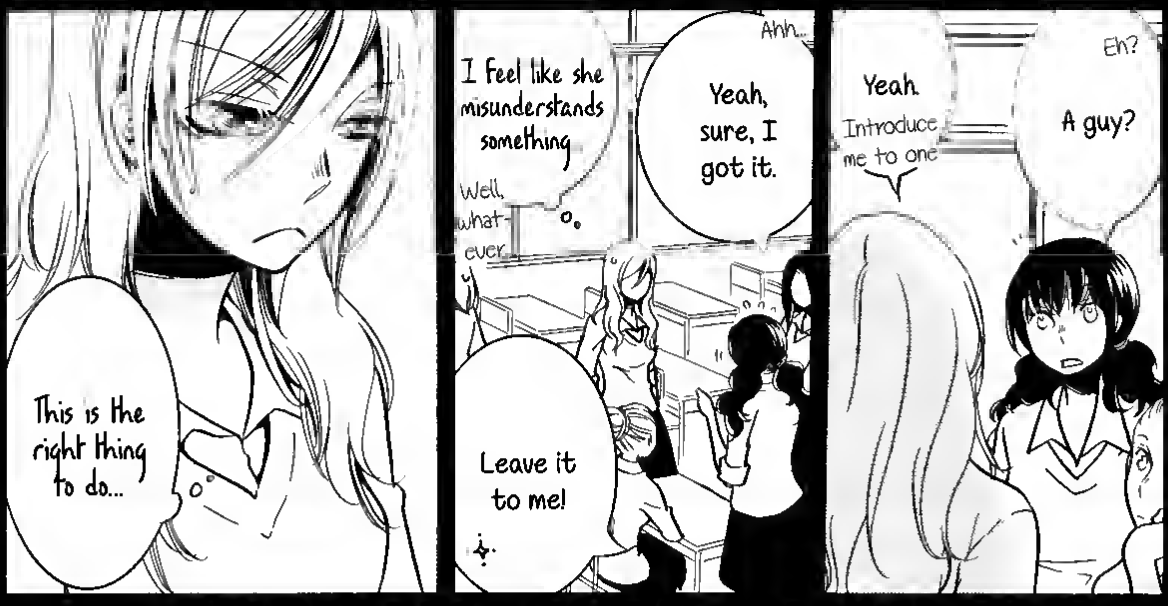


That's just hi-fucking-larious (monotone)
And then I go and lay hands on my female childhood friend...
In some sorta half-assed burst of anger, I treated Nao like a toy
I mean, here I was thinking that men are shit...

Nao...
Sis!?
Wai... What are you doing?
You're totally soaked!
I forgot my key.
HUH!?
You're locked out!?
So I was just like, wondering where I should go...
No, but
Where's your umbrella!?
...Wait, it's at home!?
Seriously
Alright, come to my place!!
GRAB
Ah—

She's warm...
...Goddamnit, me from earlier!!!
I CAN'T BELIEVE IT: I REALLY AM AN IDIOT.
Idly it"
Sis...
Shit...
I'm the worst...

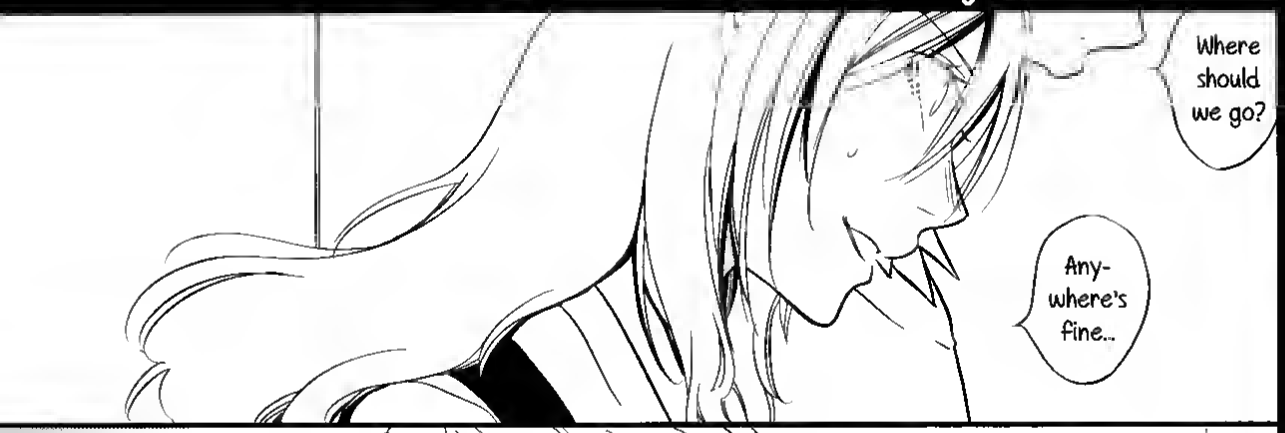
but Nao's an important childhood friend, so I didn't think it was gross.
Honestly, I don't really get the whole homosexuality thing.
I'd somehow realised that Nao swung that way.
Mornin'
but on some level I also understood that that feeling wouldn't last.
At the time, I really did seriously think I was done with men.
Tug
I ended up clinging to Nao's warmth.
Can I come to your place today, Sis?
And yet
I... think I've...
Sure...
done something horrible...

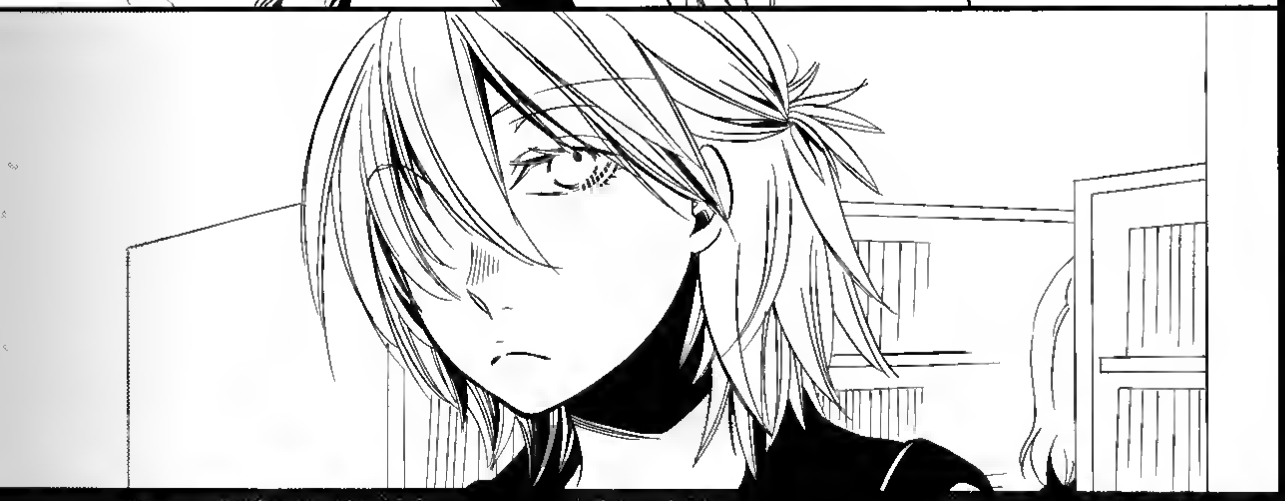


Even though I knew I couldn't return her feelings...

I let things drag on, painfully, because I felt too guilty to break up with her.

At that moment, even as I felt a chill run down my spine

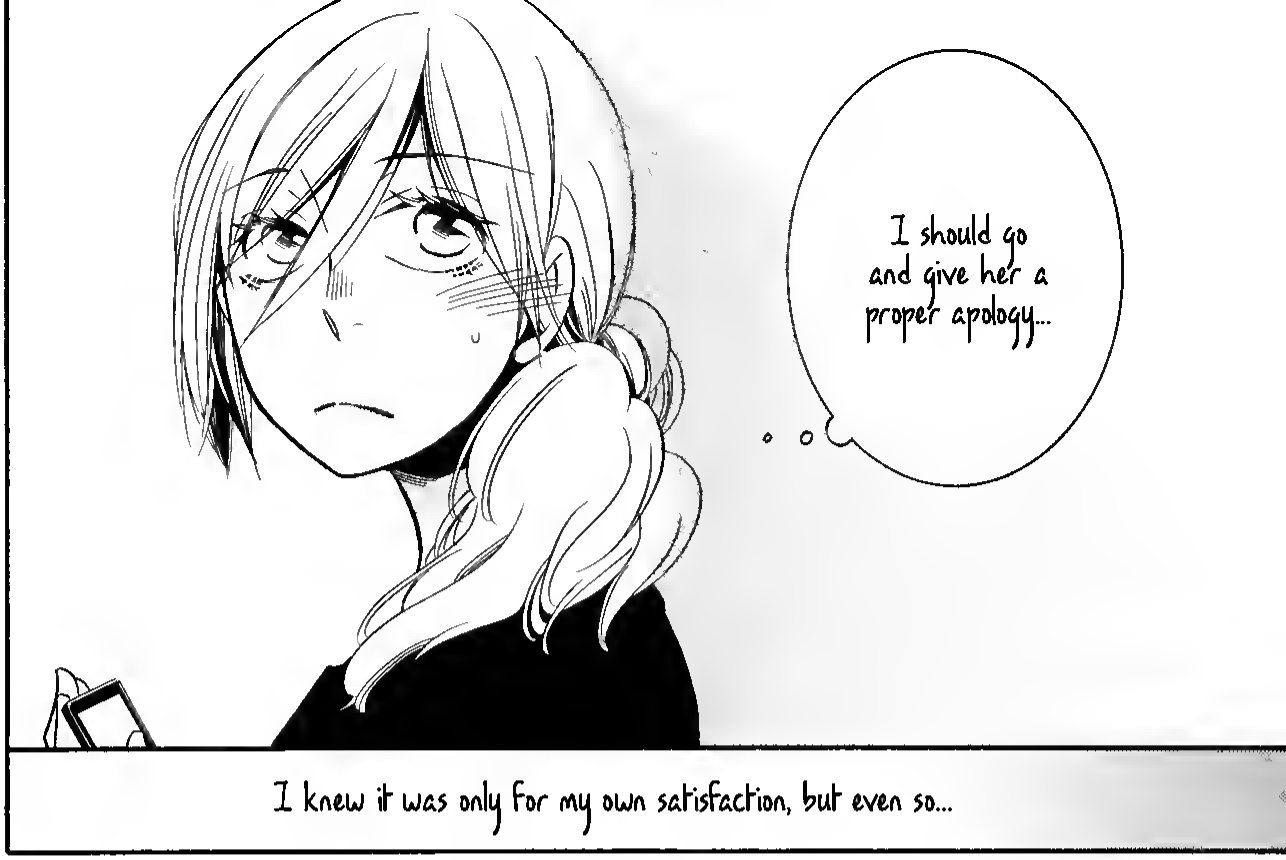




I also silently breathed a sigh of relief.

From that day on, Nao stopped approaching me.
After that, I went out with three people before graduating from high school,
and then with my graduation, I left my hometown behind.
It probably makes me seem insincere, but...
I enjoyed myself every day and slowly began to forget about Nao.
Ahh.
Come to think of it, I ran into Nao-chan the other day.
Oh!
Hey Ma. Thanks for the rice.
Don't worry about it. Hehe
Katsuobushi...
Anythin' new on your end?
Hmm, let me see...

She's really become quite the young lady since I last saw her, and...
—Hey, are you listening?
Eh?
Ah, sorry. I wasn't listening.
Jeez, come on...
Suddenly remembering her
sent a chill down my spine.
Call end



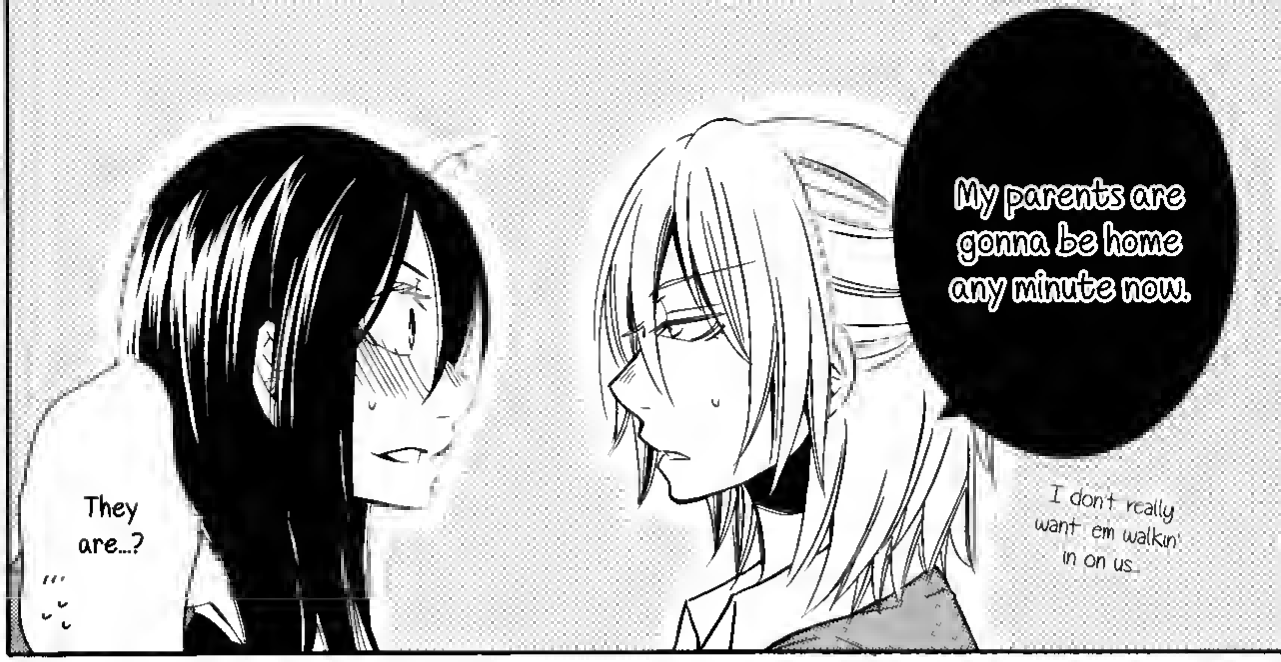
Even now, she might still be suffering...

It looks like she's found happiness with someone who will love her properly...
Though it's kinda irritating.
Gah!
I'm leavin' Nao in your care!!
Eh?
!?
The back of Nao's neck is like, totally her weak spot.
Smirk
Welp.
I'm gonna head out.
Okay.
?
?
Oh
That's right.
SHUT YOUR DAMN MOUTH ABOUT THAT, STUPID!!!
Whoa, scary~♥

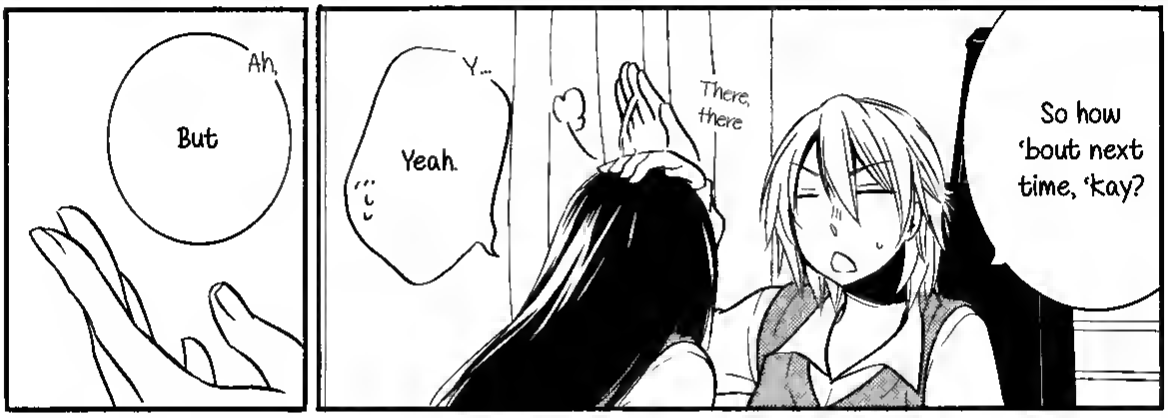
Ah.
I forgot to apologise...
...Well, whatever.
Back then, I had experienced sex but had yet to experience love.
I think that's why I was totally jealous of Nao just now.
end.

Extra

Um...
...So like...
WHAT?
WHY!?
Why don't we continue this next time?
IRKED
Th...
That
has nothing to do with this...
...And also, like...
Nah,
I'm fine with you takin' the lead, Aoi, but
Doesn't it kinda feel like you're just reactin' to what Sis said?



My parents are gonna be home any minute now.
I don't really want 'em walkin' in on us...
They are...?



So how 'bout next time, 'kay?
There, there
Y...
Yeah.
Ah,
But

If it's just kissing, then we can keep at it 'till the last minute.
!
After that, their lips were totally stuck together.
end.

OKAY. SO I GOT IRRITATED WHEN I SAW NAO AND HER GIRLFRIEND BEING ALL CLINGY. BUT WHY? THAT FEELING...
And then I ended up teasing her...
Sorry, Girlfriend-chan!

Afterword

To both my first time readers and my returning regulars, hello, and I hope you are keeping well in the lingering summer heat. I'm Takemiya Jin ☆
This time I totally screwed up the outline (a writeup of what's getting drawn on each page) and ended up with two extra pages, so I thought I'd include a really long ramble. The contents are just a long-winded writeup about things from my everyday life, things that I like, etc, so you can feel free to just skim it ☆

This is the second Chouchou Nannan doujinshi. This is a side-story to the first volume, so for those who have yet to read the first volume, definitely give it a look☆(Both my new works and my previously published works are available on *CamicZIN*). Chouchou's "Sis" still feels guilty, so when she sees Nao and Aoi she thinks, "I wonder if this girl (=Aoi) really cares about Nao." To get an answer to this she ends up teasing them a bit, but, well, it's not like Sis really has the right to check out Aoi, right? Well, I guess this might be what you could call an ex-girlfriend's pride. That's how I feel, at least. I think that Sis actually loved Nao more than she realised. Also, I don't think that Sis is a particularly bad person. I feel like, yeah, there are usually girls like that, right? Though I've never considered sleeping with my childhood friend (lol).
I think Chounan doujins will slowly continue. It would be nice to accumulate enough for one tankoban.

Aside from this book, I have two other books coming out this summer!! (Three books!!!)
This is the first time in my life I'm releasing three books!!
I adjusted my work to make time, giving me five days to do rough sketches, four days to ink the characters, three days for filling and backgrounds, and two days for tones—for a total of 64 pages + several pages of illustrations. I have the feeling that, since I have no assistant, for that many pages in 14 days, I set a new record for working nonstop. To be honest, I wasn't sure I could finish them all working day and night, so I didn't even release details on Twitter. It was nice to discover that I could keep drawing steadily day after day. Though the lack of sleep's been a bit tough (lol). This summer has been a hot one in all sorts of ways☆

I also worked hard on the manuscripts for work. After finishing the summer comiket manuscript, I switched to the Hime manuscript. Then after summer comiket was another work manuscript, and after that was my new doujin work for September!! Damn, feeling busy has started to feel good ///

So they announced on Twitter that Yuri Hime is switching to a monthly edition, right? Since my editor had mentioned something about that before, I felt like, "It's finally here!!" But I wonder if I'll still be there when it switches to the monthly edition. Everyone, please please make sure you fill out the surveys! I want to keep drawing yuri manga forever, so please support me. I'll also be working my hardest!!!

I went on a diet around the time of GLF in June, and~ I dropped 5 kg✧ Though having said that, I don't really look any different, huh. ;; But there are so many clothes I want to wear once I'm slimmed down, so I'm gonna hang on a bit longer!!

I've gotten into video game commentary videos. The commenters I like are SANNINSHOW-san and 2BRO-san. SANNINSHOW-san's commentary is funny, and 2BRO is incredibly good at FPSs. I recommend them☆

There's a soap I use every day It's Cow Brand (blue) It was relatively inexpensive, making it cheap & easy (what is?) While doing inking, I get unexpectedly dirty ;_;. There will always be ink over both my left and right hand. So I end washing pretty frequently, and as such I feel like my soap consumption is higher than other households (lol)
And then lately I've gotten excited about "grapefruit-scented soap"
I had no idea who makes it, but the refreshing scent was just right for the hot season
And so I tried searching for it and found it right away It seems like this soap is made by a store called *MARKS & WEB* (Botonical soap grapefruit/avocado) I highly recommend this, so for those who like grapefruit, by all means☆
Ah, but of course you can't eat it >ω<

I'm currently playing Fire Emblem Fates Birthright☆ Though with that said, I had to basically take a break from it while working on my manuscripts;_;. Obviously I started with gender set to♀. My lil' Corrin is "*Jin*" (lol) ←so it would be easier for my friends to recognise me if I was online. Well, I haven't actually been going online;_; I'll be taking my 3DS to Summer Comiket, so let's connect there on *StreetPass*♪
※Furthermore, I'm already goy married

Following the information there↑, my next new work is planned for GLF in September. However, this time my application for GLF was down to the wire, so I might have lost my space;_; If I get it, then a new work will be coming out, so look forward to that☆

There's already only *four and a half months* left in the year. It's gone by fast. too fast..;_; This year I definitely wanted to try travelling on my own. I still haven't done it, so around autumn I want to go somewhere✧ is what I'm thinking At the end of my journey, I will definitely advance my yuri material!! I will definitely enjoy the remaining four and a half months left in the year!! I will work hard on both my job and my doujins!!

Some day in August, 2015
